Neurological Council of WA

WELCOME INVITATION

The Neurological Council of WA warmly invites you to partner with us in presenting the Australasian Neurological Conference & Expo (ANCE) 2025, themed **Reimagining Brain & Nervous System Health and Disability**.

ANCE 2025 will be held 1-2 May 2025, via a hybrid delivery model. The event will host over 300 delegates at the Perth Convention and Exhibition Centre, and an unlimited number of online attendees - available live and on-demand, ensuring accessible learning and engagement opportunities for delegates regardless of location or circumstances.

ANCE 2025 offers a range of participation, sponsorship and exhibition opportunities.

As a sponsor, you'll gain visibility and access to a highly engaged audience eager to learn, connect, and collaborate.

You will have the opportunity to:

- build and improve relationships with the Western Australian, Australian and broader global neurological community including professionals from charitable, government and industry organisations, academics, policy makers and funders;
- Contribute to awareness raising and knowledge exchange by sharing your initiatives, innovations and products;
- Align your brand with the conference theme: **Reimagining Brain and Nervous System Health and Disability**;
- Enhance your credibility and corporate social responsibility by providing support to the neurological sector at this critical time.

Neurological conditions are now the leading cause of disability and second leading cause of death worldwide, placing significant burden on health, disability and aged care systems.

The World Health Organization (WHO) calls for enhanced awareness, research, collaboration and resources to better understand and manage these conditions, advocating for integrated approaches to care .

Supporting a neurological conference aligns with the WHO's goals by:

- Promoting knowledge dissemination about the latest research and treatment options.
- Advocating for equitable access to care and resources.
- Encouraging collaboration among healthcare professionals to improve patient outcomes.
- Raising awareness about the importance of neurological health as part of broader public health efforts.

Your support is key to the success of our conference, and we encourage you to consider the valuable opportunities offered in this prospectus.

If the packages do not align with your organisation's specific strategic or marketing objectives, please feel welcome to speak with us to tailor a package.

We thank you for your interest and look forward to your support.

Neurological Council of Western Australia CEO, Etta Palumbo and Chairman, Emeritus Professor Charles Watson AM
